IMPORTANT WARRANTY INFORMATIONREF **18-001R**

Effective 01/29/2018

Release 01/29/2018 (revised: 02/28/2018)

SUBJECT Revised: Integration of Detroit Powertrain Components into OWL

❖ **Detroit to
OWL
Integration**

DTNA is pleased to announce that the transition of Detroit powertrain components into the Online Warranty Link (OWL) will occur on Monday, March 12, 2018. DTNA is looking forward to providing the service network with centralized claim filing and policy alignments across business units for most policies and procedures. To make the changeover as seamless as possible, the DTNA Warranty Department will offer several resources to assist the network.

❖ **Detroit
Warranty
System
Sundown**

Service locations can continue to file claims in the Detroit Warranty System through Saturday, March 3, 2018. **From March 4 – 11, 2018, new Detroit powertrain component claims CANNOT BE SUBMITTED. On March 12, all Detroit powertrain component claims must be filed in OWL.**

Claim history from the Detroit Warranty System will be available in OWL at integration. Service locations will be able to access the Detroit Warranty System for parts return management activities for a limited time after integration.

| ❖ Quick Reference Guide | <p>In addition to the webinars, the Warranty Department created the Detroit to OWL Integration Quick Reference Guide (WAR417-11). The user guide contains Detroit-specific information regarding the following topics: access, policy alignments, dates, distance, part numbers, labor operations, claim types, net items, product registration, deductibles, ESC, PowerPack registration, Paragon packing slips, <i>Actual Tech Time</i> and <i>Tech ID</i> fields, reports, and work queues. The guide is available at DTNACConnect > Warranty Lit > Other Warranty Documents > Reference/User Guides.</p> |
| ❖ ARC Training | <p>For individuals who are not familiar with OWL, DTNA highly recommends online training to explore OWL functionality. The training applies to all DTNA business units, not just Detroit, and includes the Warranty process, claim creation, claim types, registration, checking coverage, parts/labor searches, parts management, etc. More than 20 modules are available in the Aftermarket Resource Center (ARC) and grouped by personnel type (e.g., Parts, Principals/General Managers, Sales, Service, and Warranty). To access the training, go to: DTNACConnect > ARC > Departments > Warranty > Online Warranty Link (OWL) Training.</p> |
| ❖ Questions | <p>When Detroit deploys in OWL, for warranty-related questions, continue to use the WSC to contact the Warranty Department. For software, system, or access questions, please contact the Dealer Help Desk at 855-639-8680.</p> |
| ❖ DMS Uploads | <p>Important Warranty Information letter 18-003 provides specific Dealer Management System (DMS) upload requirements.</p> |
